

VIRTUAL HOMESTAY

Why not give your students the opportunity to drop into British home life?

They will be fully immersed in British culture and be able to practise their linguistic skills with native speakers in a natural environment without having to even pack their suitcases!

Our homestay providers are all based in the charming city of Chester and form a close-knit community of warm, friendly and welcoming hosts.

Many of them have been hosting for several years and know how to make the students feel at ease.

We predict lots of fun and laughing as well as learning!

How it Works

Students connect in real time with British homestay providers via video conferencing.

Each interactive session is one hour and the time of session can be adjusted to suit you and your class schedule.

Students take part with their classmates in small groups.

The sessions will be varied with some communication activities and games as well as time getting to know each other and gaining an insight into a British Home

A Warm Welcome from our Hosts

“We have enjoyed hosting for many years and seeing students improve their English as their confidence grows.”

“I’m really looking forward to getting to know you during our virtual meet-up. I’m sure we’ll have lots to talk about.”
